Euro-Quest is an online resource for Transition Year students aimed at:

- raising students' awareness of mobility in education and employment in Europe
- providing students with the motivation and the information and tools to research opportunities to study and work abroad

Euro-Quest is:

- intended to reflect the Whole School Guidance approach

Euro-Quest contains 4 modules:

2. An exploration of opportunities to study abroad – including Erasmus+, courses taught through English and the funding supports.
3. Preparation for a period of learning mobility - understanding culture and diversity, tips for studying abroad and language acquisition.
